Certification of Cinema Films.

READ—

Letter 33, dated 3rd August 1931, from the Inspector-General of Police, forwarding for orders ofment, copy of the proceedings of the meeting of the Cinema Board held on 29th June 1931, ino the working of the Cinematograph Regulation and the functions of the Board.

CNo. P. 3536-44—LEGIS. 7-31-4, DATED 29TH DECEMBER 1931.

Cinematograph Regulation 1923, was brought into force throughout the State in Sept 1925. Under Section 5 (2) of the said Regulation, no film other than a film ce by the authority constituted under section 7 as suitable for public exhibi all be exhibited.

The Board point out that according to the practice hitherto in vogue, films d in British India have been generally allowed to be exhibited in Mysore without certification. The Board consider that this practice not only fails to satisfy requirements of law but affords opportunities for exhibiting in the Mysore State, s of films which might have been excised by the British Indian authorities. They are of opinion that the censoring of every film exhibited in the State is essenti.

The Government agree with this view and are pleased to direct that the law for the regn of exhibitions by means of Cinematograph be enforced strictly in future and the authority constituted under section 7 of the Regulation should enter upon its functions examining and certifying of films as suitable for public exhibition. The

certifying authority may, while examining the films for certification, act on the British Indian Certificate, if any, with power to examine the film in detail, in case it deems fit. The fee prescribed for examination and certification under the rules will, in any case, be levied.

Separate Boards will, in due course, be constituted for all districts which have Cinema theatres in addition to the Board constituted under Notification No. P. 893—Legis. 21-29-6, dated 16th August 1930, and all films which are to be exhibited or are produced in the Mysore State must be certified by either the Board constituted under the said notification of 16th August 1930, or one of the Boards for the Districts. Pending the constitution of Boards for the Districts, all films should be certified by the existing Board referred to above.
